

UCSF: The Future of Medicine is Now

May 8th, 2009 | 11am - 3pm

4-hour CME course in conjunction with UCSF School of Medicine Class Reunions 2009

UCSF Mission Bay Genentech Hall
San Francisco, California

REGISTER

OVERVIEW:

For this CME course, we have brought together some of the premiere scientists and clinicians at UCSF to discuss the potential of future medical therapies in several fields. Our goal is to provide UCSF Medical Alumni with a broad overview of current and future trends in the neurosciences, stem cell therapies, pediatric surgery, and how medical education will address these and other advances as we move forward into the 21st century.

TARGET AUDIENCE:

The lecture formats are intended to appeal to both general medical practitioners as well as specialists seeking a broad overview of current and future trends from internationally renowned experts in a variety of biomedical fields.

Agenda:

10:00 am Registration, Refreshments

11:00am - Welcome and Introduction
